DESIGN RATE AND EXPECTATIONS

We will create designs for the look-and-feel, layout and functionality of your web site. This contract includes one main design plus the opportunity for you to make up to two rounds of revisions. If you're not happy with the designs at this stage, you will pay us in full for all of the work that we have produced until that point and you may either cancel this contract or continue to commission us to make further design revisions at the daily rate set out in our original estimate.

The estimate/quotation prices at the beginning of this document are based on the number of days that we estimate we'll need to accomplish everything that you have told us you want to achieve. If you do want to change your mind, add extra pages or templates or even add new functionality, that won't be a problem. You will be charged the daily rate set out in the estimate we gave you. Along the way we might ask you to put requests in writing so we can keep track of changes.

the project includes HTML markup and CSS templates, we will develop these using valid HTML 5 Strict markup and CSS 2.1 + 3 for styling. We will test all our markup and CSS in current versions of all major browsers including those made by Apple, Google, Microsoft, Mozilla and Opera.

We will also test to ensure that pages will display visually in a "similar", albeit not necessarily an identical way, in Microsoft Internet Explorer 6 for Windows as this browser is now past it's sell- by date.

Should your design project require accessibility via modern mobile communications, all pages and content will also be checked for compatibility with modern mobile browsers available to the

Windows, Android and Apple iOS operating systems.
